APEX®

An OHI Company

Apex Foot Health Industries is dedicated to designing and manufacturing the finest foot health products available on the market today. Our research and development team constantly explores and tests new ideas, technologies and materials to help improve the way people feel on their feet.

We are proud to present a comprehensive line of men's and women's footwear that provide superior comfort and protection in fashion-forward styles. The collection is ideal for those requiring fitting flexibility and offers state-of-the-art features and materials. Together with our Custom Diabetic Insert program, patients can benefit from maximum compliance and all-day protection.

PDAC VERIFIED

All styles except 1201, 1209 and SS100 meet PDAC A5500 requirements. To view Apex PDAC letters visit: www.apexfoot.com/pdac.

WOMEN'S FOOTWEAR

Apex Active footwear is designed to prevent injuries and provide quick, comfortable relief from pain and discomfort to help you lead a healthy and active lifestyle.

Padded Collar & Tongue

Provides cushioned comfort and prevents heel slippage

Biomechanical Footbed

Contoured EVA insole provides support, cushioning and shock absorption

Customization

The added EVA insole allows you to easily customize the comfort and fit of the shoe by trimming the insole at the areas of pressure. The insole may also be fully removed for additional depth.

Molded External Heel Counter

For supported rearfoot control

Triple Density Sculpted Midsole

Designed to preserve balance between your body and ground forces

WOMEN'S ACTIVE

Apex Running and Walking footwear styles are constructed with the most advanced technological features and represent the highest standards in performance and comfort. Innovative features are meticulously built into these extraordinary shoes to offer midfoot and rearfoot stability, pressure relief to the calcaneus, and shock attenuation for the foot and musculoskeletal system.

The multiple removable layers, soft linings and wide last design offer protection, fitting flexibility, and the accommodation of orthotics and shoe modifications. Often recommended for people with diabetes, arthritis or anyone seeking shoes for maximum comfort.

X X-Last

- X-Last for superior motion control
- 5/16" removable depth in 2 layers for fitting flexibility
- Composite shank for motion control & stability
- Slip-resistant rubber outsole for increased traction

V V-Last

- More aggressive lug design for added traction
- Lighter weight & increased torsional rigidity
- Firmer EVA under arch for increased control
- 5/16" removable depth in 2 layers for fitting flexibility
- Multi-density midsole with supporting shank

A A-Last

- A-Last for natural motion
- 5/16" removable depth
- Lightweight
- EVA midsole

Biomechanical Footwear

Designed by a team of doctors and pedorthists to provide superior comfort and protection for those with diabetes, arthritis or painful foot conditions.

Cushioning

Removable orthotics and polyurethane outsoles absorb shock forces and provide cushioning.

Depth

Multiple removable insoles provide a 1/2” of removable depth for maximum protection and fitting flexibility.

Stability

Hidden depth sole design with raised sidewalls and firm heel counters.

SmartGrip™

Polyurethane sole for safety and stability.

Customization

The added EVA insole allows you to easily customize the comfort and fit of the shoe by trimming the insole at the areas of pressure. The insole may also be fully removed for additional depth.

Protection

High, wide toe boxes and soft, safe linings help protect the foot from injury.

Fit

Straight last design, with multiple removable insoles ensure a proper fit for all foot types.

EVERYTHING YOU NEED IN ONE DISPLAY CENTER!

Our state-of-the-art APEX Rotating Fitting Tower is the heart of your shoe program.

A shoe sample kit that includes our best-selling footwear in the most requested sizes ships with the tower. Its purpose is to offer patients corresponding shoes to try on once their feet are measured. This ensures a perfect fit every time!

The complete fitting station includes:

- Fitting tower (68”x34”x34”)
- Shoe sample kit (40 half pairs)
- Brannock measuring device
- 25 patient brochures
- One molded pillow for A5512 heat-molded inserts

Slat Wall Display also available, which includes:

- 20 slat wall shelves
- Shoe sample kit (20 half pairs)
- Brannock measuring device
- One molded pillow for A5512 heat-molded inserts

YOU DON'T HAVE TO FALL!

Falls among our senior population is a little-known secret in healthcare. Most people who are having balance problems believe that falling is just a part of getting older. They keep it secret from family, friends and doctors for fear of losing their independence. Then they have a really bad fall and break their hip…or worse.

- One in three Americans aged 65 or older falls each year
- Every 11 seconds, an older adult is treated in the emergency room for a fall
- Every 19 minutes, an older adult dies from a fall
- Falls are the leading cause of death from injury among Americans age 65 or older

ARE YOU AT RISK FOR FALLING?

Ask your doctor about the **MOORE BALANCE BRACE™** and request a fall-risk assessment today!

Visit www.myfallrisk.com to locate a practitioner near you with experience in fall-risk prevention.

BALANCE FOOTWEAR

The Moore Balance Shoe (MBS) is the first-ever footwear scientifically designed to reduce one's risk of falling*.

Features of the Moore Balance Shoe include:

1. Heel Counter Loop for easy donning
2. Firm, adjustable heel counter with convenient Velcro® strap closure (AFO feature)
3. High, padded heel collar for comfort and added support
4. Extended tongue opening for easy AFO fit (AFO feature)
5. Combination Lycra®/ washable synthetic leather upper is lightweight and accommodating
6. Textured insole provides proprioceptive sensory feedback for polyneuropathy
7. Extra depth with removable spacer for fitting customization
8. Firm, supportive midsole
9. Low-profile heel for maximum postural stability

- **Increased toe spring and smooth outer sole for trip avoidance**
- **Slip-resistant sole**
- **Meets standards for coverage under Medicare's Diabetic Shoe Program**

Copper Cloud
Heavenly Healthful Socks™

THE MOST COMFORTABLE, HEALTHFUL AND FEATURE-RICH

sock ever designed!

THE MOST COPPER. THE MOST COMFORT. THE MOST PERFECT SOCK... PERIOD.

What better way to ensure you get the most out of your Apex shoes than to pair with the finest quality socks?

Copper Cloud socks prevent bacterial and fungal growth that cause foot odor and provide superior comfort and protection while promoting improved circulation and softer skin.

Stretchables Collection S

Podiatrists recommend Apex Stretchable Footwear because of the added layers of protection, cushioned footbeds, built-in padding, expandable comfort and flexibility for people who have problematic feet and conditions such as: diabetes, bunions, deformities, hammertoes, edema (foot swelling) and severe foot pain. Apex offers a series of styles and selections.

- Single hook-&-loop strap for maximum adjustability and easy on/off wear
- Seamless, stretchable uppers stretch to accommodate foot problems
- Soft fabric linings wick moisture away from the foot
- ½" removable depth to accommodate orthotics
- 3 removable layers for fitting flexibility
- Recommended for diabetic, arthritic or swollen feet
- Machine washable (SS100, T2000, and T2400 only)

Alleviate Foot Pain!

PREFABRICATED ORTHOTIC SUPPORTS

DYNAFLANGE™

The Greatest Advancement in Orthotics in 60 Years

The patented DynaFlange® represents a profoundly new approach to prefabricated orthotic supports. This device dynamically manages motion with every step. Enhanced shock absorption means greater comfort, especially when standing for long periods on hard surfaces.

FEEL THE SCIENCE...

dynaFLANGE® ORTHOTIC SUPPORTS

Healthcare professionals prescribe Dynaflange® to treat the following conditions:

- Equinus
- Plantar fasciitis
- Pronation & supination
- Apropulsive gait
- Ankle instability
- Heel, hip, knee & lower back pain

... And because they just feel great!

REDUCED IMPACT FORCES

Enhanced shock absorption means greater comfort - especially when standing for long periods on hard surfaces.

DYNAMIC ENERGY RETURN

The patented rearfoot flange flexes during heel strike, storing energy that is released during the subsequent phases of gait, efficiently positioning the foot for optimal propulsion. DynaFlange® does the work so you don't have to!

POSTURAL EFFICIENCY

DynaFlange® orthotic supports improve center of pressure and stability through all phases of the gait cycle which results in improved posture while standing, walking or running.

READY-MADEPLASTAZOTE® THERMOTHOTICS™

Apex Thermothotics™ is a unique line of inserts designed to help protect the “at risk” patient with diabetes. Everything in the Thermothotic line is completely heat moldable and features a Plastazote® top cover for continuous protection and comfort.

Apex Thermothotics™ are available in a variety of different base material options including: Plastazote® X-Firm, EVA and the unique heat moldable urethane, Polyetherdiol. Apex Thermothotics make it easy and cost effective for you to properly protect your patients with diabetes and are PDAC verified for A5512.

ANATOMICALTHERMOTHOTICS EVA BASE

40668

CONTOUR THERMOTHOTICS - EVA BASE

1584

Multi-density orthotics feature a conformable 1/8” Plastazote® top cover for continuous protection and comfort. The 3/16” EVA base is lightweight, durable and heat moldable. Easy to trim and grind.

Top - 1/8” Plastazote® Medium. Base Material - 3/16”
EVA - 45 Dur. (Shore A) Anatomical Shape or Contour Shape

MEN'S SIZES: 6-12½, 13, 14, 15, 16 WOMEN'S SIZES: 4-10½, 11, 12, 13

CONFORM INSOLES

Conform Insole Orthotics and Conform Insoles with Gel are comfortable, lightweight orthotics that absorb shock and mold to your feet for unsurpassed comfort and protection.

Apex Conform Insoles are NOT covered by Medicare.
For orthotics covered by Medicare, please see page 58.

APEX CONFORM INSOLES

40664

The Plastazote® top cover conforms to accommodate pressure "hot" spots, making this insole recommended for diabetic and arthritic patients.

MEN'S SIZES: 6-16 (WHOLE SIZES ONLY)
WOMEN'S SIZES: 4-13 (WHOLE SIZES ONLY)

APEX CONFORM INSOLES WITH GEL

40665

The insoles feature state-of-the-art gel technology for extra protection at the areas most susceptible to pain. The Plastazote® top cover conforms to accommodate pressure "hot" spots, making this insole ideal for diabetic and arthritic patients.

MEN'S SIZES: 6-16 (WHOLE SIZES ONLY)
WOMEN'S SIZES: 4-13 (WHOLE SIZES ONLY)

FOAMART® FITTING KIT

THE ORIGINAL FOOT IMPRESSION FOAM

When taking a negative impression of a patient's foot, there is no system that can match the convenience and accuracy of Foamart Foot Impression Kits. In just seconds, a technician can take an impression of the patient's foot that will accurately match its size, shape and arch. Foamart is the highest quality foam available and will not crack during or after an impression. Available in convenient self-mailer boxes or in bulk form. Foamart comes in two sizes - standard (12") and long (14").

FOAMART KIT:

PRODUCT #	DESCRIPTION	SIZES	QUANTITY
1122	Foamart Bulk Pack - Standard	2" x 6" x 12"	12 pair

1129	Foamart Impression Kit - Big Foot	2 ½" x 6" x 13 ¾"	12 pair

*See price list for more information

APEX® HARRIS MAT SET

1110

The set includes the imprint mat, paper, ink and roller. Produces weight-bearing imprint of the foot, thereby measuring pressure disbursement and arch shape. Ink, paper, mat and roller also sold seperately.

See price list for details.

THERMOTHOTIC™ MOLDING KITS

Thermothotic Molding Kits offer a very easy, effective and quick system to heat mold inserts to properly achieve total contact with your patient's foot. The kits include a unique polyurethane molding pillow which allows your patients to remain seated throughout the molding process, easily molding the orthotic to each arch to achieve total comfort.

Thermothotic Molding Kits include ThermoGloves, silicone oven liners, a timer, thermometer and two molding pillows.

THERMOTHOTIC MOLDING KIT
